THE ORPHANAGE directly commends The Little Orphan Children for continuing to use the Local Yokel Pig Pond-scum as a totally secure portal; cf. II St. Peter 2:22. The retrieval itinerary for The Midget Tag Team must be implemented prior to *Waiting*. Retrieve *sub specie*: *Passivorteingabefelder* {[x]} "*Aus den neuen Schächten, schafft mir das Gold!*" +(!); Manhattan distance between the vertices: 32.54 N., 105.58 W. → *Hamming cube*: 36.98 N., 76.631 W. While neither the aforesaid Scum nor the Hirelings will detect the electronic retrieval, extreme physical caution must be exercised in the transport of *ADW*, 5/1/90, Level III—we cannot afford ancillary casualties at this juncture as the 2kg loss will be detected by the (ranking) Hirelings no later than **Trinity Sunday**, 2008, albeit unpublished. 43.35 N., 77.0333 E., cannot supply additional *ШУБАТ* prior to the second Sunday in Advent, 2008. *Orate pro nobis*.
